

March 3, 2011

I had my first match of the boys season last night at Saratoga High School. As I always do, I reflect on the match on my drive home and I was extremely impressed with the Leland teams sportsmanship and wanted to share it with you!

The team gave us two honor calls in the match and that, to me, deserves respect. One was a touch off a block that Jason Hilbert (head coach) asked his player if he touched and his player said yes.

The second was a ball that Leland hit that seemed from my angle close to being outside the antenna. I looked at my line judges for help but since they are younger JV players they are still learning their role as line judges. The Leland captain came up to me and told me that the ball was outside the antenna.

It was very refreshing to officiate a great group of athletes. Thank you,
