Hello my name is Heidi Luna and I was at the Tennyson/Overfelt football game on Friday, September 18th. Tennyson is in the North Coast Section. I would like to start out by saying both teams displayed great sportsmanship, and I would like to point out one player in particular #33 for Overfelt. He always seems to give 100% and always helped Tennyson players get up after most plays. My son was the ball boy for Tennyson and the announcer announced his name and that made his day! He also announced the next game and time for Tennyson which I have never heard the home team announce the other team's next game and I was impressed. I was on the sidelines, this is how I noticed #33 and heard the announcing. Please pass this on to the Overfelt administration. It is always nice to hear something good and it seems we don't hear enough good these days.

Thank you,

Heidi Luna
